

To Whom It May Concern,

29 May 2019

My name is Trent Williams and I am writing on behalf of Katie Jones who is an applicant of yours. I coach at a Football Excellence School on the Sunshine Coast and have had the pleasure of taking Katie to the Queensland State Titles as part of the Sunshine Coast U19 Schoolgirls team for the past two years. Katie has played as a Fullback, but is also a capable Centre Back. Katie is a very dependable one-on-one defender, but she has the technical ability to win the ball and take opposition on confidently. She knows when to transition into attack and provide overlapping options, or can read the play well enough to know when to cover for her team mates. She has the ability to identify where the dangerous options are and make snap decisions during the game. At training she always puts in a huge effort and is the first one to help pack up equipment and thank me for my time. Katie is a very coachable player, she will take on feedback straight away and implement it without fault or complaint. I cannot recall a time that I did not see a smile on Katie's face and her happy disposition means she integrates well when in a regional team where she is playing outside of her regular team. I personally believe that Katie would be a huge asset to any football team that she plays in.

If you have any further questions, please don't hesitate to contact me.

Kind regards,

Trent Williams
